SINDH MEDICAL COLLEGE

On 7th April 1973, the Government of Sindh established the Sindh Medical College (SMC) to meet the growing need of healthcare professionals in the Sindh province. Professor Khwaja Muinuddin Ahmed was appointed the Project Director and the first Principal of the new college.

SMC was started in the building of the paediatric ward of the Jinnah Postgraduate Medical Centre (JPMC). The college began operating with three departments initially: Anatomy, Physiology and Biochemistry. As the college building was constructed shortly afterwards, the departments of Pathology, Forensic Medicine and Community Medicine, were added with modern teaching facilities, laboratories and museums. An administration block was also constructed.

JPMC, NICH and the National Institute of Cardiovascular Diseases (NICVD) are the College's teaching hospitals where students receive rigorous training in a professional environment. The first batch of MBBS at SMC was admitted in the year 1973 and included about 200 students. So far, the college has graduated more than 14,000 students in 38 batches.

Sindh Medical College stands out for its transparent admission

process, high teaching standards, and a vigilant examination department.

Finally I wish you all every success in future endeavors.

LIAQUAT UNIVERSITY OF MEDICAL & HEALTH SCIENCES (LUMHS)

HISTORICAL BACKGROUND

The first ever public sector Medical University having long history of imparting quality Medical Education in the region. It started as a Medical School in the present Civil Hospital, Hyderabad Sindh in 1881, the first ever Medical Institution in the province of Sindh. After separation of Sindh from the Bombay Presidency, this school was upgraded to the status of a Medical College to impart teaching for MBBS Course under Bombay University. This medical college at Hyderabad Sindh was inaugurated by Sir Francis Moody, first Governor of Sindh and the first batch of forty five students including one Muslim female student were admitted. This College was then shifted to Karachi on 10th December, 1945 and was renamed as Dow Medical College. Subsequently Government of Sindh started another college in the premises of same Civil Hospital at Hyderabad in 1951, which acquired its name as Liaquat Medical College (LMC), after the name of first Prime Minister of Pakistan, Mr. Liaquat Ali Khan. The LMC was affiliated with University of Sindh.

The College with its journey and natural growth for more than 66 years has made tremendous contributions in both medical education and health care in the province and the country. The College was shifted to its new, beautiful and spacious campus at Jamshoro in 1963. Initially, it offered MBBS course only. The Dental Section for imparting education and training for the degree of Bachelor of Dental Surgery (BDS) was added in 1963. In the same year the college also started Postgraduate courses.

The number of Postgraduate courses expanded gradually and the college acquired the status of a Postgraduate Medical Institute in 1989. Besides, it became a recognized institution of the training for FCPS and MCPS in almost all disciplines of Medicine, Surgery, Dentistry and Allied Sciences. It also received recognition from accreditation bodies of foreign countries such as British General Medical Council of United Kingdom, Educational Commission for Foreign Medical Graduates (ECFMG) of USA and

similar bodies of several other countries. The College has made significant contribution in postgraduate medical education and has produced more than 1200 specialists in various disciplines of clinical and basic sciences with postgraduate qualifications of M.D, M.S, M.Phil, MPH and Diplomas. It was this outstanding contribution upon comprehensive inspection and recommendation of the erstwhile University Grants Commission, now Higher Education Commission (HEC), and after prolonged series of deliberations at the highest forums of provincial Government, the Honourable Governor of Sindh promulgated Liaquat University Ordinance on 20th January 2001 thereby upgrading Liaquat Medical College to Liaquat University of Medical & Health Sciences, a unique distinction indeed of being first ever Medical University in public sector of the country.

Institute Of Dentistry

The Institute of Dentistry was originally established in the former Liaquat Medical College in the year 1963 as a second oldest but the largest institute in the country. With the up-gradation of Liaquat Medical College (LMC) to the status of University i.e. Liaquat University of Medical & Health Sciences (LUMHS), the dental section was up-graded as an Institute of Dentistry.

Since its inception, the Institute of Dentistry, Liaquat University of Medical & Health Sciences, Jamshoro has been continuously focusing on its academic excellence to provide quality dentistry care to all sectors of society and at the same time providing the community with qualified dental specialists. As a result, the Institute of Dentistry of the University is recognized for its quality undergraduate and post-graduate courses by Pakistan Medical & Dental Council (PM&DC) and College of Physician & Surgeons, Pakistan (CPSP). Postgraduate courses like Master of Science (M.Sc.) in all clinical disciplines including FCPS-II, Oral & Maxillofacial Surgery, Operative Dentistry, Prosthodontics and FCPS Orthodontics Specialty are also being offered in this institution.

Peoples Nursing School

Peoples Nursing School

Peoples Nursing School is the first ever public sector Institute set up in Pakistan to provide quality nursing education to deserving students to acquire in-depth knowledge and essential skills. The Institute of Nursing is housed in a beautifully built premises constructed through generous funding provided by Higher Education Commission (HEC)

Institute of Physiotherapy & Rehabilitation Sciences

Institute Of Physiotherapy & Rehabilitation Sciences

The Institute of Physiotherapy & Rehabilitation Sciences, was established in February, 2009 under the dynamic leadership of Prof. Dr. Noshad A. Shaikh, Vice-Chancellor of Liaquat University of Medical &Health Sciences Jamshoro.

There was a dire need of establishing such Institution to impart quality medical education dealing with physical therapy, occupational and speech language therapy for relieving pain and re-gaining strength after serious injuries, illness and surgery. The Institute of Physiotherapy & Rehabilitation Sciences, from the date of its establishment, has been rendering / extending quality care to the patients. This institute offers (05) years Degree Program in Doctor of Physiotherapy (DPT).

Institute of Bio-Medical Engineering & Technology

Institute Of Bio-Medical Engineering & Technology

The need for biomedical experts has been felt in Sindh, since long time. In order to overcome this need, the University decided to establish institute of Biomedical Engineering & Technology to integrate academics with practical skills to produce genuine biomedical engineers. The dream came true and the Institute of Biomedical Technology was established in March, 2009.

The institute has started B.S programme in Biomedical Engineering from 2012, under the recognition of Higher Education Commission (HEC) and Pakistan Engineering Council (PEC). This programme consists of four 04 years including eight 08 semesters, two 02 semesters per year.

The aim behind the establishment of this institute was to create the diligent and proficient engineers as well as to create jobs opportunities in Public Sector Organizations including Hospitals, University,
etc.

MEDICAL BOARD FOR SELECTED CANDIDATES

Selected c andidates shall have to undergo a medical examination through Medical Board constituted by the University. The Selected candidates must produce following investigations.

a) X-Ray Chest (PA)
b) Urine DR
c) Blood C.P + ESR
d) Vaccination certificate against HBV
e) HBs Ag, Hepatitis C (HC)
f) Thalessemia Minor Screening Test

SPECIAL MEDICAL BOARD FOR DISABLED CANDIDATES

A Special Medical Board for Disabled Candidates will be constituted in each university to determine the genuineness and severity of the disability of candidate.

FORMULA FOR WORKING OUT OVERALL MERIT

a) Matric Science/O Level Equivalent Examination 10% weightage

b) HSC (Pre-Medical)/A-Level Equivalent Examination 40% weightage

c) Entry Test 50% weightage

Note: Only science subject (Biology, Chemistry and Physics) will be considered in HSC result for making district merit list:

Example:

If a Candidate has obtained following marks:

a) Matric Science/ O Level Equivalent Examination	650/850 or 76.471%
b) HSC/A-Level Equivalent Examination	440/600 or 73.333%
c) Entry Test Marks	300/400 or 75.000%

His/her Merit will be calculated as follows:

a) Weightage for SSC/O Level Equivalent	= 76.471% x 0.1 = 7.647
b) Weightage for HSC/A Level Equivalent	= 73.333% x 0.4 = 29.333
c) Weightage for Entry Test	= 75.000% x 0.5 = 37.500
Overall Merit of the Candidate	**a+b+c = 7.647 + 29.333 + 37.500 = 74.480**

All calculation in percentages will be rounded up to three decimal points.

Similarly the merit calculation of A Level/ Equivalent Candidates will be based on 3 Science subjects (Biology, Chemistry and Physics) according to the IBCC formula given below for final merit calculation.

A* Grade	90/100
A Grade	85/100
B Grade	75/100
C Grade	65/100
D Grade	55/100
E Grade	45/100

Example of formula applied for merit calculation of candidates with A Level/Equivalent exam: If a candidate has secured following grades in science subject:

Biology ..... A Grade.....85/100
Physics.....A Grade.....85/100
Chemistry..... B Grade.....75/100
Total.....245/300

Since the HSC (Pre-Medical) Examination has 200 marks in each science subjects (Biology, Chemistry and Physics) making a maximum total of 600 marks, therefore the acquired and maximum marks of A Level candidates will be multiplied by two.

245 x 2 /300 x 2 = 490/600

Now, 40% of 490 marks will be considered for weightage in the total marks for final merit of an A Level/Equivalent candidate to be at par with HSC (Pre Medical) candidate.

RULES FOR WORKING OUT ADJUSTED MARKS

Marks shall be added or deducted from the total marks of the candidate in his/her HSC (Pre-Medical) qualifying examination in order to adjust the marks.

1. Ten (10) marks will be added to all Hafiz-e-Quran candidates subject to the clearance of Hafiz-e-Quran Interview, to be conducted by Hafiz-e-Quran Committee and production of legitimate certificate from an approved institution that he/she is a Hafiz-e-Quran. Interview Committee for Hafiz-e-Quran candidates constituted by the concerned Vice Chancellor to conduct interview of Hafiz-e-Quran candidates to ensure that he/she is a genuine Hafiz-e-Quran.
2. These 10 marks of Hafiz-e-Quran candidates shall be considered only for admission in MBBS/BDS course.
3. 10 marks per year shall be deducted from the cumulative score of three science subjects, if there is a gap of more than two years between the year of Matriculation and year of Entry Test.

Example 1: Matriculation.....2015 Entry Test .....2017 Deduction.....NIL
Example 2: Matriculation.....2014 Entry Test .....2017 Deduction.....10
Example 3: Matriculation.....2013 Entry Test .....2017 Deduction.....20

4. In case, the overall score of two or more candidates are equal, the candidates securing higher marks in the HSC (Pre-Medical/Qualifying Examination) shall be ranked higher in merit for the purpose of admission. If the HSC marks are equal the candidate securing higher marks in Matric shall be ranked higher in merit for the purpose of admission and if the Matric marks of two or more than two candidates are also equal only then the candidate older in age shall be ranked higher in merit for the purpose of admission.

NOTE: The production of equivalence certificate from IBCC shall be the responsibility of the candidate.
